Dear Ralph,

Thank you very much for the tour of your impressive facilities and for being so generous with your time during my Miami visit last week. I enjoyed our chat. The Kiwanis session came off very well, and I know General Walters was pleased with the reception he was given. I've told him also about the good spot he got on your newscast that evening. He was on the plane by that time.

It was good to see you again. I must admit I made it a point to watch the news the day before to be sure I'd still recognize you. As it turned out, I still could have picked you out of a crowd. Many thanks again.

Best regards,

Deputy Assistant
to the Director
